Porta John® Golf Course Proprietary Play-Through Porta John®

Fig.1 - Golf Course Lavatory Building

Fig.2 Patented Water Saving Toilet

Fig.3 Patented No Flush Urinal

Fig. 4 Model 4848EHD

We are now marketing the [Play-Through-Porta-John](#). This product increases the speed in which golfers can play the golf course in a very upscale way as the ladies do not have to return to the clubhouse to use the lavatory.

Fig. 1 Pictures one customer's solution.

Fig. 2 A water saving cistern that replaces the sink and allows the same water to be used twice - first to wash hands and second to flush the toilet.

Fig. 3 Displays the no flush urinal which reduces the men's unit water usage by 60%.

Fig. 4 Displays the many features of the [Model 4848EHD](#).

Porta John's revenue from this product to date has been \$25,000 - \$48,000 per hole. The course owner's motivation to install the comfort stations is to reduce the players' trips to the clubhouse for those players who will not use the portable toilets. This will speed up play and increase course revenue. The golf course play through toilet marketing potential will yield considerable marketing and revenue advantages. We have significant experience manufacturing this product.

Comfort Station

Touch-less Toilet Cistern – Touch-less Faucet – Touch-less Foaming Soap Dispenser – Door Handle Indicator – Encapsulated Exhaust Fan – Heated Water Hose – Connector Hot Box – Encapsulated Water and Waste Tanks – Unique Comfort Station Fixtures

*Enlarged custom door allows for increased air exchange volume and reduces the need for the vent fan. Fan would also reduce the effect of both the air conditioning and heating units. The combination of the air conditioner and large custom door air exchange rate yields an improved air quality.

Door Orientation is Optional and Requires Advanced Notice.
Doors are assumed to be left hand doors unless otherwise ordered.

External Plumbing Upgrade

LEFT HAND DOOR

- Hinges located on the left
- Lever pointed left, to hinges
- Pair with left handed levers

RIGHT HAND DOOR

- Hinges located on the right
- Lever pointed right, to hinges
- Pair with right handed levers
